

PUSHING THE LIMITS

B I L D.

About

Founded in 2017, BILD Tents & Structures began their operation solely in the events industry. To date, BILD work with some of Ireland's largest public and private events from music festivals and exhibitions to weddings and corporate showcases.

Over the years, client requests started to become increasingly more challenging. And because of this, a team of experienced and focused crew members have grown within the company.

Today, we offer demountable solutions for events, businesses and homes nationwide. Coupling finely-tuned production services for all of our event agency clients without losing our attention to detail for our private projects, we strive to create something special every time.

Whether it's 30 people or 3000 people, BILD want to be able to offer as much versatility to clients in both public and private events.

What We Offer

Tents & Structures

STRETCH TENT

Beautifully crafted, 100% waterproof stretch tents.

BAMBOO TIPI

Eye-catching, cone shaped structure.

GEODESIC DOME

Versatile 9.5m dome which can be used as a stage or enclosed venue

PANAROOM

Fully walled transparent cubes with interchangeable walls

What We Offer

Tents & Structures

STRETCH TENT

Beautifully crafted, 100% waterproof stretch tents.

BAMBOO TIPI

Eye-catching, cone shaped structure.

GEODESIC DOME

Versatile 9.5m dome which can be used as a stage or enclosed venue

PANAROOM

Fully walled transparent cubes with interchangeable walls

What We Offer

Furniture, Light, Heat & More

DECOR

Think foliage, bunting, lanterns and colour

LIGHT & HEAT

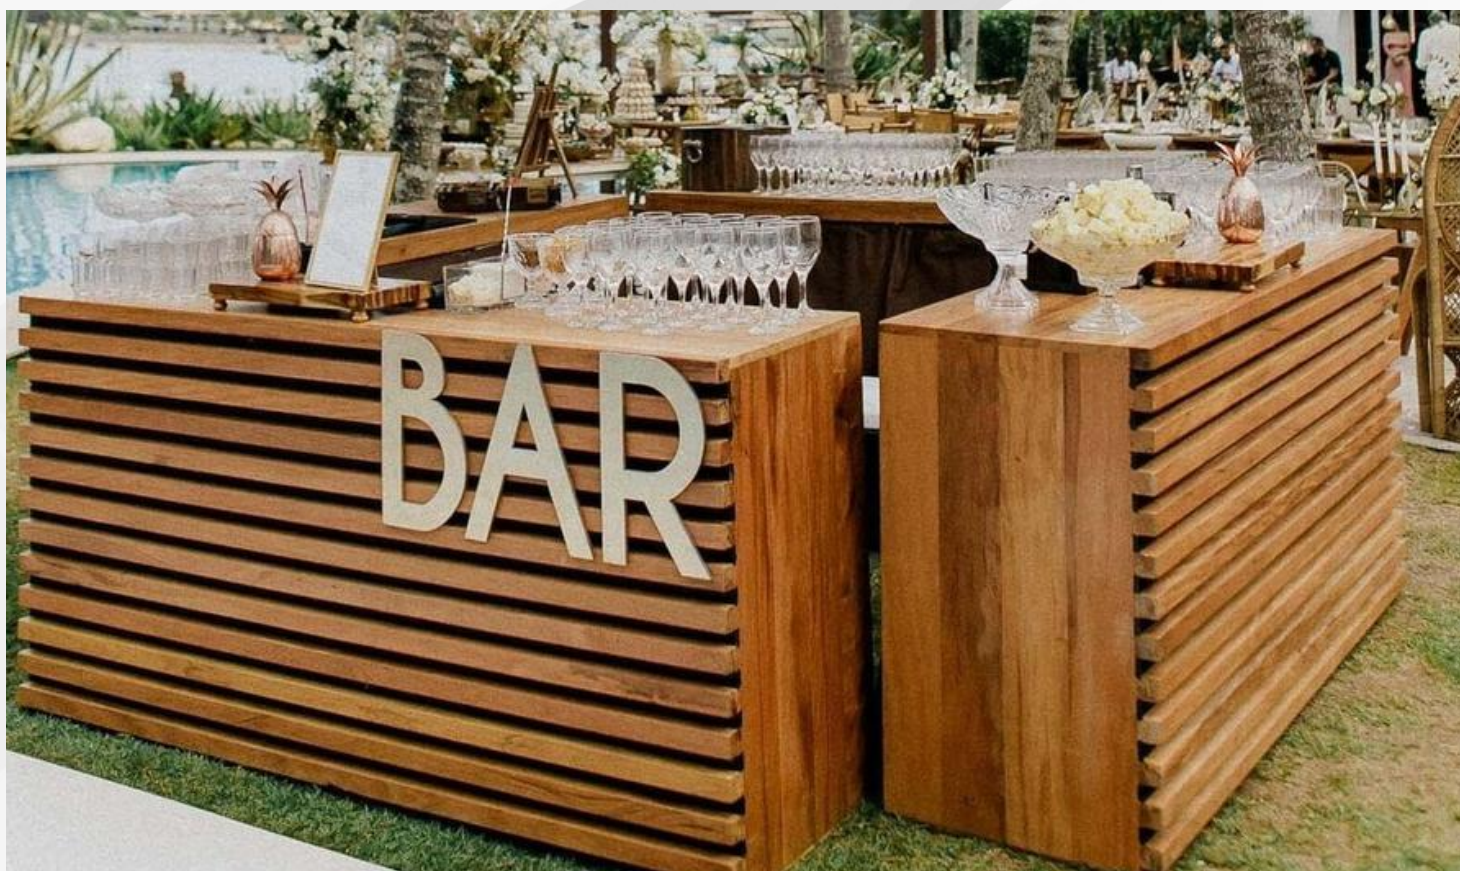

Make for a killer photo and let us light up your event from all angles!

DRY BAR

We supply the structure, you supply the kegs!

FESTIVAL FLAGS

A massive impact of colour that can be seen from any corner of your event!

What We Offer

Custom

In 2022, BILD moved to a 5000sq. ft warehouse and workshop facility which gave them the ability to further develop a creative department.

Marrying the massive potential of this workshop with years of large scale rigging experience, anything is now possible.

What We Offer

CONCEPTUAL DESIGN

Developing a plan and visual representation of what a final product will look like

FESTIVAL PRODUCTION

Creative and aesthetic aspects of
all things festivals!

SET DESIGN

Creative and visually compelling
elements made to your
specifications

Workshop

Our CNC machine is a powerful tool that provides numerous benefits for both our company and our clients.

The machine is able to perform precise cuts and shapes on a variety of materials with a high degree of accuracy and repeatability. This makes it ideal for manufacturing a wide range of products, from small parts to large assemblies.

Benefits:

- Cost savings
- Improved quality
- Produce parts and products at a higher speed
- High degree of precision and repeatability

“

If you BILD it, they will come.
